Cabin class

We can only show Economy prices for this search.

To see Business, Premium Economy, and First Class options, please tell us your travel dates and destination.

Adults
Aged 18+

— 1 +
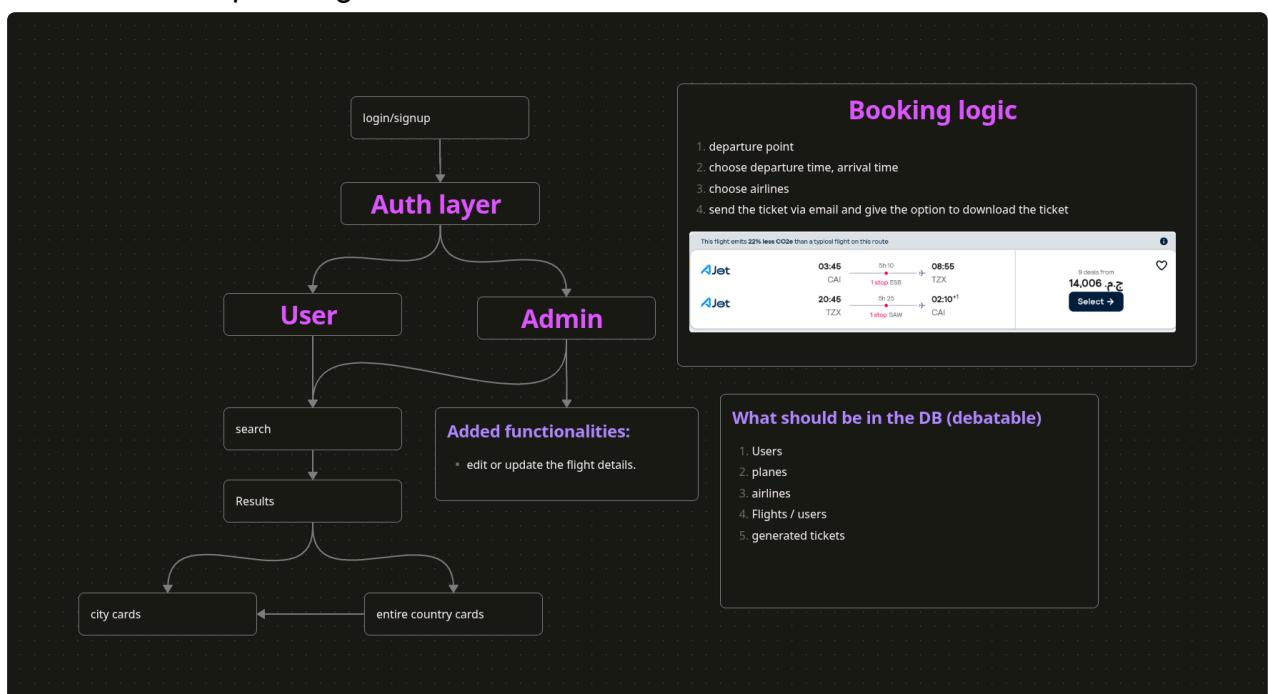

Children
Aged 0 to 17

— 0 +

Your age at time of travel must be valid for the age category booked. Airlines have restrictions on under 18s travelling alone.

Age limits and policies for travelling with children may vary so please check with the airline before booking.

Flight Booking Website - BASIC Components Only

BASIC USER FLOW

1. Register/Login
   - Sign up
   - Login
2. Search Flights
   - Enter: From, To, Date
   - Select number of passengers
3. View Results
   - See available flights with price
   - Select a flight
4. Book Flight
   - Enter passenger name and contact details
   - Make payment
   - Get booking confirmation
5. View My Bookings
   - See booking history
   - Download ticket

BASIC ADMIN FLOW

1. Login
   - Admin login
2. Manage Flights
   - Add flight (airline, route, date, time, price, seats)
   - Edit flight
   - Delete flight
3. View Bookings
   - See all bookings
   - Search by booking ID or user
4. Manage Users
   - View all users
   - Block/unblock users

BASIC FUNCTIONALITY

User Side:
- Search flights
- Book tickets
- Pay online
- View bookings

Admin Side:
- Add/edit/delete flights
- View all bookings
- Manage users

That's it - the bare minimum to run a flight booking site!

Search Interface

- Origin and destination input (with autocomplete)
- Date picker (departure and return dates)
- Passenger count selector (adults, children, infants)
- Class selection (economy, business, first class)
- Trip type toggle (one-way, round-trip, multi-city)

Booking Flow

- Passenger information form (names, contact details, passport info)
- Seat selection interface
- Add-ons (extra baggage, meals, insurance)
- Payment gateway integration
- Booking confirmation page

Landing Page

User Account System

- Registration and login
- Profile management
- Booking history
- Saved travelers
- Payment methods storage

Additional Features

- Email confirmations and notifications
- Booking management (view, modify, cancel)
- Customer support/help center
- Mobile responsive design
- Multi-language and currency support

Search Results Page

- List of available flights with key details (airline, times, duration, stops, price)
- Filtering options (price range, stops, airlines, departure/arrival times, duration)
- Sorting options (price, duration, departure time, arrival time)
- Flight comparison feature

Flight Details View

- Complete itinerary breakdown
- Baggage allowance information
- Fare rules and restrictions
- Seat availability/selection
- Layover details for connecting flights
